

Autodesk Vault Workgroup

The Autodesk® Vault Workgroup 2020: Essentials learning guide expands the Autodesk® Vault Basic functionality to working with document lifecycles and providing knowledge of advanced data organization.

Objectives

This class focuses on the features of Autodesk Vault Workgroup. Hands-on exercises are included to reinforce lifecycle and revision management. Users are taught how to manage lifecycles, properties, categories, and revisions.

This course is intended for users and CAD administrators with Autodesk Vault Basic knowledge who want to expand their skills to accommodate additional engineering workflows and data organization.

Duration

2 days

Prerequisites

Attendees should have a good working knowledge of Autodesk CAD programs and having working knowledge of Autodesk Vault Basic features.

Topics Covered

- Introduction to Autodesk Vault Workgroup
- Revision Management
- Working with Categories
- Managing Properties
- Automatic File Naming
- Creating Reports
- Copy Design
- Job Server
- Vault Revision Table Administration
